

# Ryerson Sweden Cup 2019

In memory of Gunnar Wulf Karlsson

IFK Örby and Ryerson Soccer welcomes all to our eight annual international warm-up tournament.

The tournament is a warm-up to the Gothia Cup, and each team will play two matches but no tournament winners are appointed.

Instead all players, coaches and spectators are winners, when meeting people from other cultures and countries.

As always we hope that your day at Örby IP will be a great day to remember, and that we all can enjoy great matches with youth players from Sweden, Japan, and the US. In all 23 teams are preparing their Gothia Cup adventure in Örby.

For the first time we have three teams playing 9v9 in B13 in the warm-up tournament. These matches will be played at "Statheden", some 800 meters from Örby IP.

All matches are played 2 x 25 min, with a 5 min break.

We hope you all will enjoy the day at Örby IP

**WELCOME**
