EPIC

The EPIC series consists of a wide range of our best stick models. The easily playable EPIC blade with its good passing and shooting qualities suits many types of player. This year we have created a new version of the design, where the Unihoc logo comes more into focus and the mainly white design gives the series an exclusive and clean look.

UNIHOOC

SONIC

24

SONIC is a blade that brings back the feeling of the traditional hardcore floorball game. We give you a blade without any extreme excesses that might mess with your game. Instead we have created a reliable, easy-to-handle, beautiful looking blade with a very versatile field of use, which has a recognizable clear-cut Unihoc design.

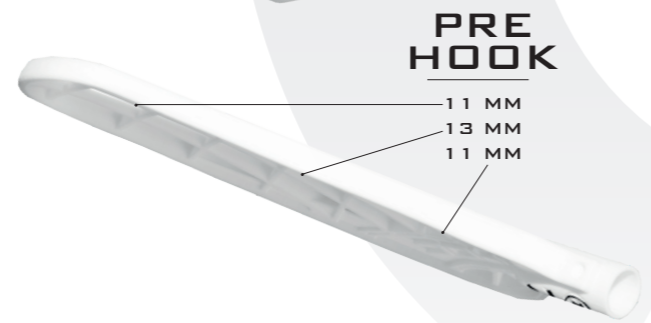

SONIC has a modest concavity and only a slight pre-hook for easy ball handling and top notch passing qualities, yet it has a distinctive step between the frame and the bars for optimized grip on the ball and a fantastic shot release. And, of course, a very solid construction with great torque. Basically, a very modern floorball blade with excellent traditional qualities. **Try it.**

ENERGY

A brand new eyewear model for this year, developed together with floorball players on all levels to make sure that the needs of the market are taken care of. The result is that this model is slightly bigger than our other models and that we have added a rubber panel along the inside of the front frame to improve the comfort. As always, we have implemented adjustable nosepads and backstrap.

GOALIE

FEATHER

The Feather model is a lightweight goalie set for which we have reduced the weight as much as possible to make it easier for goalies to move quickly across the floor.

CUSTOMIZE YOUR OWN UNIQUE MATCH SET

1

Choose any colours, logos and graphics that you wish and give your team a unique look and identity. Only your imagination sets the limits.

2

Now you can customize your own unique design for the Miami and Campione set by using sublimation technology. This means that you can create your team's match set exactly as you want it in terms of colours, logos, player names and numbers. The design is sublimated into the fabric, which gives a soft garment without any printed transfers on it.

**UNIHOOC
TECHNIC**

This season we introduce the Technic product line, which is a range of products with a unified look and a clean, white and black design. These products are developed with technical materials and fabrics that has a higher grade of polyester inside, to handle sweat absorption better and to give the customer a better experience from their workout.

BASIC

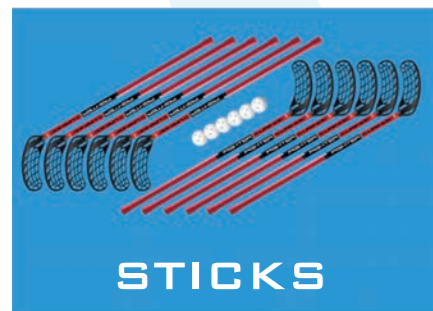

UNIHOOC

BASIC COLLECTION

FLOORBALL TO THE PEOPLE!

The **UNIHOOC BASIC COLLECTION** is created to help spreading this fantastic sport across the globe. The floorball sport is getting more and more recognized and widespread each year and to be able to supply the new floorball markets with a suitable type of equipment to get the game going we have developed a range of products that is perfect for this purpose. Everything from goals, rinks, balls and entry level stick models are available with several options to choose from.

STICKS

GOALS

RINKS

X-LONG

PLAYER26

PLAYER 26 X-LONG is the perfect stick for the very tall players, as well as for the shorter players who want an extremely long reach on the playing field.

The total length of the stick including the blade is 120 cm, which is the longest stick we have ever made. It is important to note that this stick model is not approved for official matchplay by the IFF.

BASIC

WINNER

WINNER is a perfect stick for both kids and adults who are looking for a well-balanced, light and affordable floorball stick. The blade is concave on both sides to increase the usability and the blade is exchangeable. Together with a composite shaft and a sticky gripband it makes a good combination for all player types. **The stick is approved by the IFF.**

SNIPER 30

SNIPER 30 is the top of the line stick in the UNIHOC BASIC COLLECTION and it is approved by the IFF. The stick has a composite shaft that comes with a sticky gripband and together with the easy-playing ACE blade it makes a great combination for a perfectly balanced floorball stick. **The stick is approved by the IFF.**

STICK UNIHOC SNIPER 30 WHITE/BLUE 100CM R

STREET

STREET is the perfect stick for playing floorball outdoors. We have created a well-balanced and durable floorball stick with an extra tolerant blade in nylon material, which is much more sustainable compared to other blade materials. This will make the stick a long-runner when playing outdoors on rough surfaces such as asphalt or concrete. This stick is perfect for schools where the sticks often are used outdoors in different conditions.

STICK UNIHOC STREET WHITE/ORANGE 96CM

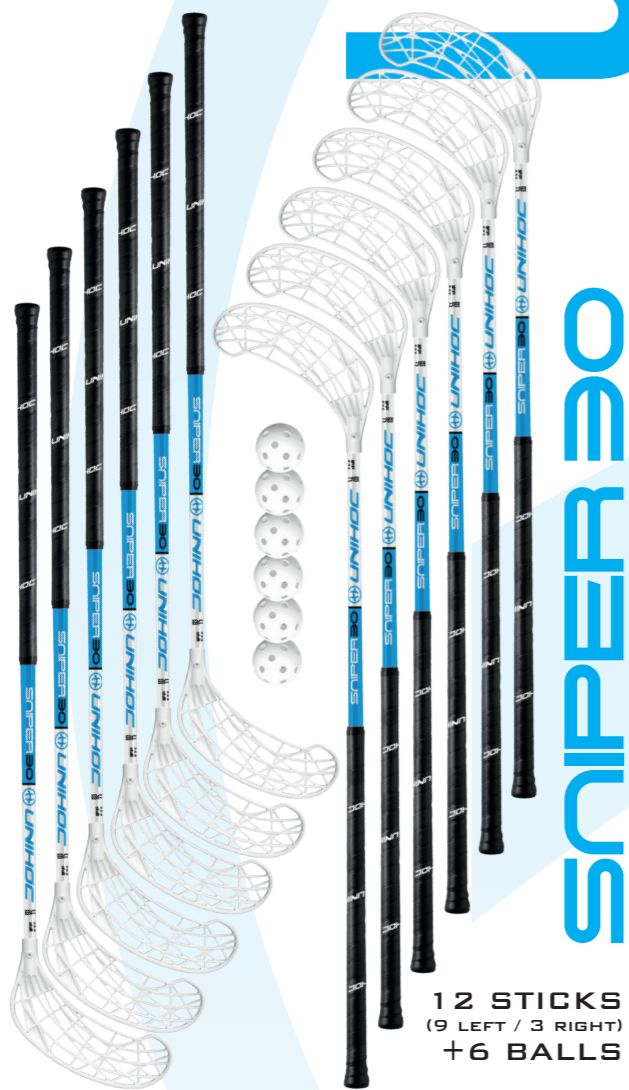

FIGHTER

FIGHTER is the starting model in the UNIHOC BASIC COLLECTION. The stick is made for beginners, schools or floorball players that look for an affordable stick made of great components. FIGHTER is made of a durable composite shaft, a blade that is concave on both sides and a sticky gripband.

BAG INCLUDED

DYNAMIC

Just in time for the coming season we present the next generation of match balls, called DYNAMIC. This is a ball designed to optimize a steady ball flight, as well as giving a smooth ball flow on court surfaces. The ball has been strengthened with an integrated framework on the inside to make the construction more rigid and to improve the playing qualities and the durability.

FLOORBALL RINK

PREMIUM

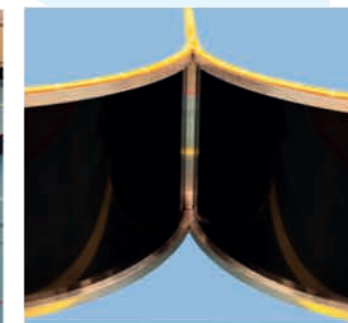

The new PREMIUM rink sets a new standard for floorball rinks in terms of sustainability, materials and design. We have gathered a lot of information from our teams and federations to create the best floorball rink out there. The demands are always increasing along with the growth of the sport, and that is why we are very proud to present this high end rink to the market. The rink has 6 mm thick walls made of polypropylene (PP) plastic material. The PREMIUM rink model comes with substitution zones clearly marked in white top rail colour.

RINK PREMIUM

BLACK COMPLETE 40x20M
ART.NO: 57950
BLACK COMPLETE 24x14M
ART.NO: 57951

Rink can be customized according to required measurements.

RINK PREMIUM SPLIT SYSTEM

The SPLIT SYSTEM™ is developed as a complement to the PREMIUM and BASIC rinks, to make it possible to divide the gymnasium into several smaller playing fields. The SPLIT SYSTEM™ consists of 4 pcs of corner parts, 14 pcs of 2.5m parts and 2 pcs of 1.5m parts (40x20m rink). A full-size playing field can thus be divided into 3 smaller fields as illustrated above. Art.no: 57980

BASIC

FLOORBALL RINK

BASIC

The new BASIC sets a new standard for floorball rinks in terms of sustainability, materials and functionality. This BASIC rink model has slightly thinner walls than the PREMIUM model, which gives it not only a reduced weight but also a lower price. This rink model comes in solid black colour with no deviating contrast colour for the substitution zone top rails.

RINK BASIC

BLACK COMPLETE 40X20M
ART.NO: 57955
BLACK COMPLETE 24X14M
ART.NO: 57956

Rink can be customized according to required measurements.
